Privacy Policy

Last Updated: August 21, 2025

This Privacy Policy outlines how it collects, uses, and safeguards your data when you use the application.

Information The App Collects

The application does not collect any personal information from users or send any data to a central server. All user-created content (playlist, memory board items, images, and notes) is stored locally on the user's device.

How The App Uses Your Information

The app's functionality is provided using data stored locally on the user's device or retrieved from third-party APIs.

Third-Party Services

This app uses the Spotify API to fetch publicly available song data. The developer does not have control over how Spotify stores user data. Please refer to Spotify's Privacy Policy for more information.

Consent

By using Socially Anxious Hub, you consent to the collection and use of your information as outlined in this Privacy Policy.
